

I am a resident of Indiana. I joined Indiana's Do-not-call program shortly after it's inception. Before this program, we were hounded with calls for products or services I did not want or need.

These calls ran throughout dinnertime and beyond the 7:30 bedtime of my (then) infant son. It was not unusual to receive 3 or more calls in one evening.

Indiana's Do-Not Call program has been wonderful! It really works.

The random calls (maybe one every other week) I receive now are from charities and newspaper sales, which are exempt under Indiana's program.

I would urge you to look CAREFULLY at Indiana's program before choosing any other less restrictive options in a comparable program.

Thank You

Gary Lee
